Eighty-Sixth Legislature Adjourns: **Cities Roll with the Punches**

The 2019 Legislative session concluded May 27, which was none too soon from a local government perspective. Apart from a number of good bills summarized elsewhere in this edition, the best news from the session is that the misguided effort to silence cities, counties, and the organizations that represent them (including TML) was soundly defeated on the House floor.

That bill, S.B. 29, would have limited cities' ability to lobby on certain issues or join organizations that do so on their behalf. It died with a bipartisan 58-85 vote. TML President John Love sends his thanks for your efforts in the days leading up to the vote. Your phone calls to House members in the waning days of the session led to the city victory.

A number of other detrimental bills deservedly died. Among them were:

- the so-called “super-preemption” bills that would have prevented cities from regulating anything to do with business.
- a tree protection preemption bill.
- short term rental preemption bills.
- a bill expanding firefighter civil service.
- employee working conditions preemption legislation.
- a costly disease notice by animal shelters bill.
- confusing financial information on bond ballots bills.
- state or district judge approval of city ballot proposition language bills.
- entitlement to six chickens in every residential backyard bills.
- a bill granting the attorney general authority to settle city environmental lawsuits without city approval.
- a bill mandating eminent domain offers at 145 percent of market value.
- bills limiting the issuance of certificates of obligation.
- a bill requiring complicated email notification of city fees.

There were many more detrimental bills that ended up on “the cutting room floor.” Rest assured, however, that many will return in future sessions.

It was not all good news. The harmful revenue cap bill, S.B. 2, passed. The bill lowers the city property tax rollback rate (now called the “voter-approval rate) to 3.5 percent, with an automatic election required to exceed that percentage. The bill includes some concessions, such as allowing for three-year “banking” of any unused rollback increment and a guaranteed \$500,000 levy increase threshold for most cities under 30,000 population. A much more detailed summary of the bill is included elsewhere in this edition. The tendency to “bracket” legislation to a certain size city, which is typically opposed by the League, is a disturbing trend that warrants further study prior to next session.

One way to put S.B. 2 into perspective is to consider that the state budget passed this session will grow state general revenues, supported by state taxes, by at least 9.5 percent more than the budget passed two years ago (and perhaps higher, depending on how the numbers are calculated). No vote of the people was held to sanction that growth, yet cities must take increases over 3.5 percent to their voters. The only possible explanation for that cognitive dissonance is that the state legislature thinks their decisions are superior to those of local officials.

Other harmful bills include S.B. 1152, which allows cable and phone companies to stop paying the lesser of their state cable franchise or telephone access line fees, and H.B. 347, which eliminates unilateral annexation by any city. Each is summarized elsewhere in this edition, as well as hundreds of other bills, both bad and good.

The best way to encapsulate this session from a city perspective is the possible fallout over S.B. 621, a bill that failed to pass. The bill was the Texas Board of Plumbing Examiners (TBPE) “sunset bill.” It was the culmination of the state’s “sunset review process,” which periodically

evaluates whether or not a state agency is running efficiently and/or should be continued in existence. Because it failed to pass, plumbers may soon be totally unregulated at the state level. Instead, state leaders quickly pointed out that cities will be able to step in and take on the regulatory function (cities are already fast at work figuring out how best to do so). This reliance on cities to take over the state's functions, and do them well, stands in ironic contrast to the effort to limit city revenue and expenditures.

Texas cities will survive, even thrive. We may have to clean up the state's mess, literally, on issues on which they failed to act. City officials will figure out how to do so on less available revenue, and certainly less than the state claims for itself in its growing budget. What we won't get from state legislators is thanks, just reminders that we're regulating in areas they don't think we should. Except when they need us to.

City-Related Bills

The following sections contain summaries of the 338 city-related bills passed by the Eighty-Sixth Legislature. The governor has until June 16 to sign bills, veto them, or let them become law without his signature. The effective date of each bill is noted in a parenthetical following each bill described below. Some of the bills will become effective as soon as they are signed (e.g., "effective immediately"), others (unless vetoed) will become effective on September 1, and a few have special effective dates.

Future issues of the *TML Legislative Update* or *Texas Town & City* magazine will provide additional details on some of the bills described here, may include summaries of "straggler" bills that for various reasons weren't summarized at the time of printing, and will provide other updates as appropriate.

The link for each bill leads to its "landing page" on the Texas Legislature Online website. To read the final version, click on the "text" tab and click on the "enrolled" version on that screen.

Property Tax

H.B. 380 (Geren/Hancock) – Property Tax Appeals: this bill: (1) authorizes a property owner to appeal an order of the appraisal review board determining that the appraisal review board lacks jurisdiction to finally determine a protest by the property owner because the property owner failed to comply with a statutory requirement; (2) provides that a property owner who establishes that the appraisal review board had jurisdiction to issue a final determination of the protest is entitled to a final determination by the court of the protest on any ground, regardless of whether the property owner included the ground in the property owner's notice of protest; and (3) provides that for certain appeals, if a plea to the jurisdiction is filed in the appeal on the basis that the property owner failed to exhaust the property owner's administrative remedies, the court may, in lieu of dismissing the appeal for lack of jurisdiction, remand the action to the appraisal review board with instructions to allow the property owner an opportunity to cure the property owner's failure to exhaust administrative remedies. (Effective September 1, 2019.)

H.B. 492 (Shine/Taylor) – Property Tax Exemption: this bill, among other things:

1. defines “qualified property” for purposes of a property tax exemption under Section 2, below, to mean property that: (a) consists of: (i) tangible personal property used for the production of income; (ii) an improvement to real property; or (iii) a manufactured home that is used as a dwelling, regardless of whether the owner of the manufactured home elects to treat the manufactured home as real property; (b) is located in an area declared by the governor to be a disaster area following a disaster; (c) is at least 15 percent damaged by the disaster, as determined by the chief appraiser; and (d) for tangible personal property used for the production of income, is the subject of a rendition statement or property report filed by the property owner that demonstrates that the property had taxable situs in the disaster area for the tax year in which the disaster occurred;
2. provides that a person is entitled to an automatic exemption from taxation by a taxing unit of a portion of the appraised value of qualified property that the person owns in an amount determined by Section 7, below;
3. provides that, notwithstanding Section 2, above, if the governor first declares territory in a taxing unit to be a disaster area as a result of a disaster on or after the date a taxing unit adopts the tax rate for the tax year in which the declaration is issued, a person is not entitled to the exemption for that tax year unless the governing body of the taxing unit adopts the exemption in the manner provided by law for official action by the body;
4. requires an exemption adopted under Section 3, above, to: (a) specify the disaster to which the exemption pertains; and (b) be adopted not later than the 60th day after the date the governor first declares territory in the taxing unit to be a disaster area as a result of the disaster;
5. requires the governing body of a taxing unit that adopts an exemption under Section 3, above, to provide notice of the adoption of the exemption to the chief appraiser of each appraisal district in which the taxing unit participates, the assessor for the taxing unit, and the comptroller not later than the seventh day after the date the governing body adopts the exemption;
6. upon receiving an application for the exemption, requires the chief appraiser to determine whether any item of qualified property that is the subject of the application is at least 15 percent damaged by the disaster and assign to each such item of qualified property a damage assessment rating of Level I, Level II, Level III, or Level IV, as appropriate;
7. provides that the amount of the property tax exemption is determined by multiplying the appraised value, determined for the tax year in which the disaster occurred, by: (a) 15 percent if the property is assigned a Level I damage assessment rating; (b) 30 percent if the property is assigned a Level II damage assessment rating; (c) 60 percent if the property is assigned a Level III damage assessment rating; or (d) 100 percent if the property is assigned a Level IV damage assessment rating;
8. provides that, if a person qualifies for the exemption after the beginning of the tax year, the amount of the exemption is calculated by multiplying the amount determined under Section 7, above, by a fraction, the denominator of which is 365 and the numerator of which is the number of days remaining in the tax year after the day on which the

governor first declares the area in which the person's qualified property is located to be a disaster area;

9. provides that, if a person qualifies for the exemption after the amount of the tax due on the qualified property is calculated and the effect of the qualification is to reduce the amount of the tax due on the property, the assessor for each taxing unit that has adopted the exemption shall recalculate the amount of the tax due on the property and correct the tax roll;
10. provides that, if the tax bill has been mailed and the tax on the property has not been paid, the assessor shall mail a corrected tax bill to the person in whose name the property is listed on the tax roll or to the person's authorized agent;
11. provides that if the tax on the property has been paid, the tax collector for the taxing unit shall refund to the person who paid the tax the amount by which the payment exceeded the tax due;
12. provides that no interest is due on an amount refunded under Section 11, above;
13. provides that the property tax exemption for property damaged in a disaster expires as to an item of qualified property on January 1 of the first tax year in which the property is reappraised; and
14. repeals the existing state statute authorizing reappraisal of property damaged in a disaster area.

S.B. 2 (Bettencourt/Burrows) – Property Tax Reform: this bill, known as the “Texas Property Tax Reform and Transparency Act of 2019,” makes numerous changes to the process for adopting property tax rates (**Note: The provisions of this bill relating to a city’s tax rate setting process take effect January 1, 2020. In other words, the 2019 budget and tax rate process follows current law**). Of primary importance to cities, the bill:

1. renames the “rollback” tax rate the “voter-approval” tax rate;
2. adjusts the voter-approval tax rate in the following ways:
 - a. defines “special taxing unit” as: (i) a taxing unit, other than a school district, for which the maintenance and operations tax rate proposed for the current tax year is 2.5 cents or less per \$100 of taxable value; (ii) a junior college district; or (iii) a hospital district;
 - b. maintains an eight percent voter-approval rate for all special taxing units;
 - c. for a taxing unit other than a special taxing unit, provide for a voter-approval rate of 3.5 percent;
 - d. for a taxing unit other than a special taxing unit, authorizes the taxing unit to carry forward any unused increment between the adopted maintenance and operations tax rate and the voter-approval tax rate for up to three years; and
 - e. authorize a taxing unit other than a special taxing unit to temporarily use a voter-approval rate of eight percent if any part of the taxing unit is located in an area declared a disaster area by the governor or president of the United States;
3. authorizes a city with a population of less than 30,000 to calculate a “de minimis rate,” which is a rate that, when applied to a taxing unit’s current total value, will impose an amount of taxes equal to \$500,000, plus the taxing unit’s no-new-revenue maintenance and operations rate and the taxing unit’s current debt rate;
4. provides that, in a city with a population of less than 30,000, if the de minimis rate exceeds the city’s voter-approval tax rate and the adopted tax rate is equal to or lower than the city’s de minimis rate but greater than eight percent, three percent of the registered voters of the city may petition for an election to reduce the city’s tax rate to the voter-approval tax rate;
5. requires a mandatory election on the November uniform election date for all special taxing units and cities with populations of 30,000 or more that adopt a tax rate that exceeds the voter-approval rate, whether that rate is 3.5 percent or eight percent (with exceptions for increased expenditures of money by a taxing unit necessary to respond to a disaster);
6. requires a mandatory election on the November uniform election date for all taxing units other than a special taxing unit or a city with a population of less than 30,000 that adopts a tax rate that exceeds the greater of the taxing unit’s voter-approval tax rate or de minimis rate (**Note: the key feature of the de minimus tax rate is that cities under 30,000 population are guaranteed a \$500,000 levy increase without triggering a rollback election**);
7. prohibits the governing body of a taxing unit from adopting a budget or taking any other action in the fiscal year beginning in 2020 that has the effect of decreasing the total compensation to which a first responder employed by the taxing unit was entitled in the preceding fiscal year of the taxing unit; and

8. makes numerous calendar changes to the property tax appraisal, collection, and rate-setting process in order to have property tax ratification elections on the November uniform election date.

Additionally – and more specifically – the bill, among other things:

1. renames the “effective tax rate” and “effective maintenance and operations rate” the “no-new-revenue tax rate” and “no-new-revenue maintenance and operations rate,” respectively;
2. requires the comptroller to appoint a property tax administration advisory board to make recommendations to the comptroller regarding state administration of property taxation and state oversight of appraisal districts;
3. requires the comptroller to prescribe tax rate calculation forms to be used by the designated officer or employee of each taxing unit to calculate and submit the no-new-revenue tax rate and voter-approval tax rate for the taxing unit;
4. requires the forms described in Section 3, above, to be in an electronic format and:
 - a. have blanks that can be filled in electronically;
 - b. be capable of being certified by the designated officer or employee after completion as accurately calculating the applicable tax rates and using values that are the same as the values shown in the taxing unit’s certified appraisal roll or certified estimate of taxable value; and
 - c. be capable of being electronically incorporated into the property tax database maintained by each appraisal district and submitted electronically to the county assessor-collector of each county in which the taxing unit is located;
5. authorizes the comptroller to revise the forms to reflect substantive changes, if approved by the majority of the members of a committee appointed by the comptroller that equally represents taxpayers, taxing units, and assessors;
6. requires the comptroller to prepare an annual list that includes the total tax rate imposed by each taxing unit in the state for the year in which the list is prepared that shall be sorted alphabetically according to:
 - a. the county or counties in which each taxing unit is located; and
 - b. the name of each taxing unit;
7. requires the comptroller to publish on the comptroller’s website the list required in Section 6, above, not later than January 1 of the following year;
8. prohibits an individual from being employed by an appraisal district if the individual is an officer or employee of a taxing unit that participates in the district;
9. provides that a taxing unit may not reduce the amount of or repeal a property tax exemption for historic sites, unless the taxing unit has delivered to the property owner written notice of its intent to reduce the amount of or repeal the exemption at least five years before doing so;
10. creates a tax rate adjustment for eligible county hospital expenditures, which includes the amount paid by a city to maintain and operate an eligible county hospital;
11. makes numerous calendar changes to the property tax appraisal, collection, and rate-setting process in order to have property tax ratification elections on the November uniform election date, including among others:

- a. providing that, if by July 20th the appraisal review board for an appraisal district has not approved the appraisal records for the district, the chief appraiser shall prepare and certify to the assessor for each taxing unit participating in the district an estimate of the taxable value of property in that taxing unit;
 - b. by August 7th or as soon thereafter as practicable, requiring the designated officer or employee of a taxing unit to submit the rates to the governing body and post the rates and other tax and debt information in a prominent location on the home page of the taxing unit's website; and
 - c. requiring taxing units adopting a tax rate exceeding the voter-approval tax rate to do so not later than the 71st day before the next uniform election date that occurs in November of that year (instead of September 30th under current law) (Note: this would also require a city that adopts a tax rate exceeding the voter-approval rate to adopt its budget before this mid-August date, as state law provides that property taxes may only be levied in accordance with the city budget);
12. provides that a taxing unit other than a special taxing unit may direct the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit, if any part of the taxing unit is located in an area declared a disaster area during the current tax year by the governor or by the president of the United States;
13. provides that the designated officer or employee shall continue calculating the voter-approval tax rate in the manner provided by Section 12, above, until the earlier of:
 - a. the second tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred; or
 - b. the third tax year after the tax year in which the disaster occurred.
14. provides that the designated officer or employee shall use the tax rate calculation forms prescribed by the comptroller in calculating the no-new-revenue tax rate and the voter-approval tax rate;
15. provides that the designated officer or employee of a taxing unit may not submit the no-new-revenue tax rate and the voter-approval tax rate to the governing body of the taxing unit, and the taxing unit may not adopt a tax rate, until the designated officer or employee certifies on the tax rate calculation forms that the designated officer or employee has accurately calculated the tax rates and has used values that are the same as the values shown in the taxing unit's certified appraisal roll in performing the calculations;
16. by August 7th or as soon as practicable, requires the chief appraiser of each appraisal district to deliver by regular mail or email to each owner of property located in the appraisal district a notice that the estimated amount of taxes to be imposed on the owner's property by each taxing unit in which the property is located may be found in the property tax database maintained by the appraisal district;
17. provides that, as soon as practicable after the designated officer or employee calculates the no-new-revenue tax rate and the voter-approval tax rate of the taxing unit, the designated officer or employee shall submit the tax rate calculation forms used in calculating the rates to the county assessor-collector for each county in which all or part of the territory of the taxing unit is located;

18. requires the governing body of a taxing unit to include as an appendix to the taxing unit's budget for a fiscal year the tax rate calculation forms used by the designated officer or employee of the taxing unit to calculate the no-new-revenue tax rate and the voter-approval tax rate of the taxing unit for the tax year in which the fiscal year begins;
19. authorizes a property owner to seek an injunction prohibiting the taxing unit in which the property is taxable from adopting a tax rate if the assessor or designated officer or employee of the taxing unit, the tax notice officer of the applicable appraisal district, or the taxing unit, as applicable, has not complied with the statutory computation, publication, or posting requirements;
20. provides that it is a defense in an action for an injunction under Section 19, above, that the failure to comply was in good faith;
21. provides that a taxing unit must hold only one public hearing on a proposed tax rate that exceeds the lower of the voter-approval tax rate or the no-new-revenue tax rate (instead of the two public hearings required under current law);
22. prohibits the governing body of a taxing unit other than a school district from holding a public hearing on a proposed tax rate or a public meeting to adopt a tax rate until the fifth business day after the date the chief appraiser of each appraisal district in which the taxing unit participates has delivered its required notice and posted information on the property tax database;
23. prohibits the governing body of a taxing unit other than a school district from adopting a tax rate until the chief appraiser has complied with Section 22, above;
24. authorizes a property owner to seek an injunction restraining the collection of taxes by a taxing unit in which the property is taxable if the taxing unit has not complied with truth-in-taxation requirements;
25. provides that it is a defense in an action for an injunction under Section 24, above, if the failure to comply was in good faith;
26. provides that an action to enjoin the collection of taxes must be filed not later than the 15th day after the date the taxing unit adopts a tax rate;
27. provides that a property owner is not required to pay the taxes imposed by a taxing unit on the owner's property while an action filed by the property owner to enjoin the collection of taxes imposed by the taxing unit on the owner's property is pending;
28. provides that, if a property owner pays the taxes and subsequently prevails in an action, the property owner is entitled to a refund of the taxes paid, together with reasonable attorney's fees and court costs and is not required to apply to the collector for the taxing unit to receive the refund;
29. prohibits the governing body of a taxing unit that imposes a sales tax for property tax relief from adopting certain components of the tax rate until the chief financial officer or the auditor for the taxing unit submits to the governing body of the taxing unit a written certification relating to the amount of sales tax for property tax relief revenue used to pay debt service;
30. requires a taxing unit with a low tax levy that provides public notice of its proposed tax rate by publication in a newspaper to post notice of the proposed tax rate prominently on the home page of the Internet website maintained by the taxing unit;
31. provides that a public hearing on the tax rate may not be held before the fifth day after the date the notice of the public hearing is given;

32. provides that if a taxing unit publishes notice of the public hearing on the tax rate in the newspaper, the taxing unit must also post the notice prominently on the home page of the taxing unit's Internet website from the date the notice is first published until the public hearing is concluded;
33. provides that the governing body may vote on the proposed tax rate at the public hearing on the tax rate;
34. provides that a meeting to vote on the tax increase may not be held later than the seventh day after the date of the public hearing;
35. requires a taxing unit to provide one of four specific notices on the tax rate, depending on whether the taxing unit:
 - a. is proposing to adopt a tax rate that exceeds the no-new-revenue tax rate and the voter-approval tax rate of the taxing unit;
 - b. is proposing to adopt a tax rate that exceeds the no-new-revenue tax rate but does not exceed the voter-approval tax rate of the taxing unit;
 - c. is proposing to adopt a tax rate that does not exceed the no-new-revenue tax rate but exceeds the voter-approval tax rate of the taxing unit; or
 - d. is proposing to adopt a tax rate that does not exceed the lower of the no-new-revenue tax rate or voter-approval tax rate;
36. requires notice of the tax rate to include a table that compares the taxes imposed on the average residence homestead in the preceding year to the taxes proposed to be imposed on the average residence homestead in the current year;
37. establishes alternate provisions for tax rate notice if a taxing unit's de minimis rate exceeds the voter-approval tax rate;
